PRESS RELEASE

RPG Life Sciences outperforms industry consecutively for 6 quarters.

Q2 Growth: 22% SALES, 39% PBT

Mumbai, October 21, 2016: RPG Life Sciences Ltd, part of the Rs 21,000-crore RPG Group, engaged in manufacturing and marketing of pharmaceutical products, has demonstrated six consecutive quarters of sustained above industry growth.

The company's net sales for Q2 2016 stands at Rs. 76.38 crore, a growth of 22% while the PBT at Rs. 4.28 crore demonstrates a growth of 39% on a like-to-like basis i.e., without including the biotech business that was sold to Intas Pharmaceuticals.

PAT for the quarter was Rs. 10.25 crore and includes an exceptional profit of Rs 7.38 crore on account of sale of the biotech business which was concluded at the end of first quarter.

In another deal, the Asset Purchase Agreement for purchase of 7 brands from Sun Pharmaceuticals Ltd. was concluded today and the commercialisation of these brands will start from this quarter.

"I am glad to report another quarter of above industry performance. It reflects the many strategic changes that we have undertaken over the last 18 months. The sale of biotech business and the acquisition of 7 brands from Sun Pharmaceutical Industries Limited are steps towards strengthening our business. The consistent strong performance gives us confidence that we are on the right direction. We remain focused on growing our domestic and international formulations business. In fact, the international formulations business grew at 124% in the first half on the back of new customers and new approvals." said Mr. CT Renganathan, Managing Director, RPG Life Sciences.

About RPG Life Sciences Ltd (www.rpglifesciences.com):

RPG Life Sciences Ltd, part of RPG Enterprises, is an integrated pharmaceutical company operating in the domestic and international markets in the branded formulations, global generics, synthetic and fermentation APIs space. The company is a research-based pharmaceutical company, producing a wide range of quality, affordable medicines. Its brands are highly trusted by healthcare professionals and patients.
